LIMESTONE CYCLING TOUR  
Maysville, KY

### **SUCCESSFUL CHARITY BIKE RIDE**

During this challenging year the Limestone Cycling Tour in Maysville KY stayed on course and registered 587 cyclists from 20 states for their September 12<sup>th</sup> charity bike ride! Organizers worked with local health officials for an approved plan offering a safe environment for participants and the volunteers.

On the beautiful sunny day, more than 50% of the participants rode the 100-mile route with others choosing from 3 shorter routes. Cyclists departed from Limestone Park in historic downtown Maysville traveling to Minerva, Augusta, Germantown, Old Washington, Mayslick and Orangeburg before returning to downtown Maysville.

This year's event raised \$28,250 of which \$20,000 being donated to the 'Limestone Cycling Tour Scholarship' administered by the Maysville Community & Technical College Foundation and \$7,000 donated to the 'Zachary Ruble Memorial Scholarship' administered by the Hayswood Foundation. The remaining donations will go to other organizations that assisted with the event. Over the last 12 years this one-day charity event has maintained its original purpose of raising funds for educational scholarships. Currently 7 local students can benefit from these scholarships annually.

This event would not be possible without the support of the sponsors, participants, local communities and organizations, committee members and over 100 volunteers. Their participation is making a difference in our community!

The date for 2021 is set for September 11<sup>th</sup>. For more information on the Limestone Cycling Tour or to volunteer visit [www.limestonecyclingtour.com](http://www.limestonecyclingtour.com).
